PAINT

Exterior

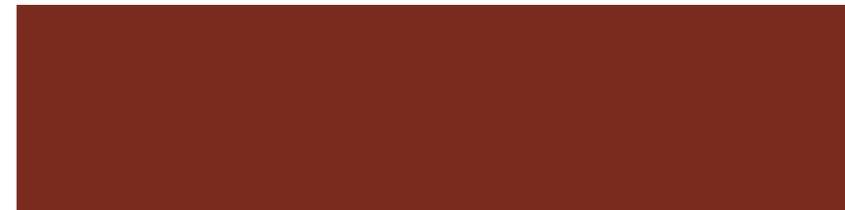

Gloss - Stock

The most traditional approach to your FJ's final paint coat, full gloss will be sure to dazzle in the sun and pop under streetlight in the evenings.

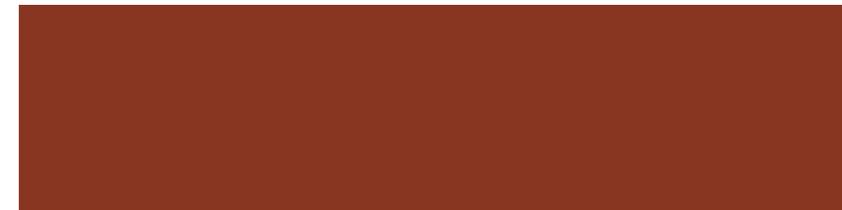

Eggshell - Upgrade

A variation on Matte, Eggshell gives a metallic fleck to an almost flat finish. This allows a real pop through in the daylight, whilst maintaining a Matte appearance in the evenings

Matte - Upgrade

A true flat finish with no shine is a bit more difficult to maintain, but it offers a stunning and unique look to any vehicle. Darker shades create a military appearance, while lighter pastel shades also work brilliantly.
