E.C.D. AUTO DESIGN

"THE DEFENDER WANTS TO GET WET,
GET DIRTY, AND TAKE YOU TO PLAC-
ES YOU WOULDN'T NORMALLY GO.
BUT THANKS TO E.C.D. YOU CAN DO SO
WITHOUT WHIPLASH OR GIVING UP ANY
CREATURE COMFORTS."

Amelia Dahlgaard - Nitto

RR CLASSIC OLIVER PLAID

Our Classic Builds are faithful recreations—crafted to mirror the original Defender’s legacy.

Step into the past with the ECD Classic project, where nostalgia meets precision craftsmanship. This isn’t just a restoration, it’s a faithful revival of the iconic Land Rover Defender, offered in both Defender 90 and 110 models, recreated to reflect their original form from 25 years ago.

Imagine yourself behind the wheel of a true classic, with every detail, interior trim, body lines, instrumentation—meticulously preserved. The ECD Classic captures the Defender’s raw, purposeful design, staying true to its mechanical soul and timeless silhouette.

What sets the ECD Classic apart is its authenticity. It’s not modernized or overbuilt, it’s presented as a base model, just as it would have left the factory decades ago. The original powertrain and standard equipment are retained, offering a genuine driving experience that honors the Defender’s legacy.

For those who remember the Defender’s early days or wish to discover it as it was, the ECD Classic offers a rare chance to own a piece of history, unfiltered and unforgettable.

RR CLASSIC BLUE MONDAY

The ECD County Collection blends heritage, craftsmanship, and exclusive colors inspired by the UK's most iconic counties

Every hand-assembled Defender from ECD Auto Design is a blend of heritage, craftsmanship, and individuality. Each classic vehicle from ECD has a story, beginning with an inspiration. With deep UK roots, our founders have created a new County Collection of Founder Exclusive Inventory Land Rover Defender, bringing the same attention to detail as client designed vehicle but designed by our founders for immediate purchase. Each vehicle within the collection pays homage to the diverse landscapes, rich history, and cultural essence of the United Kingdom by drawing inspiration from its most renowned counties and regions.

Each Defender in this exclusive range is named after a county, with its exterior color thoughtfully selected to capture the essence of its namesake. Whether it's the deep, rich black of Bedfordshire, reflecting its grand estates and shadowy woodlands; the lush green of Cumbria, reminiscent of rolling hills and misty valleys; or the crisp, snowy white of Dorset, echoing its striking coastal cliffs; each color tells a story of the landscapes and legacies that define the UK. From the golden tones of Essex's vibrant fields to many more tributes yet to come, the County Collection embodies the spirit of the places that inspire us.

RR CLASSIC MERCER

**For those who wish to
completely control their
build inside and out.**

Ready to meet your daily drives as well as the rigorous demands of off-road excursions, our E.C.D. Custom vehicles are built to endure anything life throws your way. The Custom delivers all the power and creature comforts you seek, with every possible option available, from an onboard Wi-Fi system to interior ambient lighting.

If you respect the original pedigree but appreciate sleek, modern styling and the innovations of the 21st century, our Custom build option is for you.

Design your dream car. You know what you like, and now you have a blank canvas. Choose the engine, dashboard, sound system, color, wheels, finish and more to make this vehicle expressly your own.

Life is way too short to stick with bland vanilla! Every feature can be upgraded, enhanced, modernized and customized to create a cutting-edge vehicle with nothing basic about it.

Your custom-built vehicle won't only look better on the street; it will perform better. Show off its tenacity when you drive it to work and around town daily. Or save it for special occasions when you have more time to immerse yourself in its sumptuous feel and appreciate its performance handling.

PERSONALIZE YOUR RANGE ROVER

No vehicle is complete without adding your unique touch.

The best part of getting your RRC custom-built by E.C.D Auto Design is that every accessory and upgrade are yours to pick from. From Brooklyn body kits to roof racks, the lifestyle fittings to choose from are fun and plentiful. Our most recent modifications include a brush bumper guard, light guards, ECD custom Dash, Floating Halo Screen, wine cabinets for the rear, and custom built-in refrigerators - the possibilities are truly endless.

"THE EXPERIENCE IS FAR BETTER THAN ANY
OTHER \$100,000 PLUS RETROFIT WE HAVE
EVER DRIVEN."
