E.C.D.

This specification sheet shows the details from the design meeting. All details shown in the table on the right will be included in your final build, unless you wish to change them. This document will be used to create your final design. It shows what the vehicle will look like with all of your custom choices displayed.

Once you have confirmed that the design is correct and that you are happy that we have included all required specification. This information has been collated from your design visits, emails, calls and portal comments.

Can you please sign and date below to allow us to continue the design of your custom vehicle with this specification? Please note that if you require changes to be made after returning the signed document, they can be accommodated but can incur extra time on the build process.
