JAGUAR E-TYPE

"I RECENTLY HAD THE CHANCE TO TAKE [ECD'S] SERIES II JAGUAR E-TYPE-BASED GTO COMMISSIONS FOR A SPIN AROUND MALIBU, CALIFORNIA, AND WALKED AWAY SIMPLY MESMERIZED."

Peter Nelson - Forbes

ECD E-TYPE BUILD

**Our E-Type Builds are faithful recreations.
Crafted to mirror the original legacy.**

ECD's custom Jaguar E-Type Series III celebrates one of the most iconic grand tourers ever built while elevating it with modern craftsmanship and tailored luxury. Known for its dramatic long-hood proportions and powerful V12 character, the Series III represents the most refined evolution of the E-Type lineage. Through ECD's meticulous restoration and customization process, each example is reimagined with bespoke finishes, upgraded performance components, and carefully curated interiors that honor the original design while making it more enjoyable for modern driving.

Every E-Type Series III built by ECD is designed around the owner's vision. Exterior paint is chosen from an expansive palette, from classic British heritage colors to bold contemporary finishes, while interiors are handcrafted with premium leather, detailed stitching, and custom trim options. Subtle modern enhancements, such as improved suspension, braking, and drivability upgrades, ensure the vehicle retains its vintage soul while offering a smoother, more confident experience on today's roads.

PERSONALIZE YOUR JAGUAR E-TYPE

No vehicle is complete without adding your unique touch.

Building and driving a classic Jaguar E-Type with ECD is as much about the journey as it is the finished car. The process begins with a deeply personal collaboration, where every detail, from paint and leather to performance upgrades, is chosen to reflect the owner's taste while honoring the timeless silhouette of the E-Type. Once behind the wheel, the experience blends vintage romance with modern confidence: the long bonnet stretching ahead, the easily recognizable soundtrack of a classic grand tourer, and the reassurance that every component has been meticulously restored and refined. It's a car that not only transports you, but immerses you in the elegance, emotion, and craftsmanship that made the E-Type a legend, now reimagined for today's roads.

The result is a grand touring classic that feels both nostalgic and fresh. ECD's custom E-Type Series III captures the romance of 1970s motoring, open roads, sweeping curves, and unmistakable style, while delivering the reliability and refinement expected from a fully modernized build. It's not simply a restoration; it's a personalized revival of one of Britain's most celebrated sports cars.

"THE EXPERIENCE IS FAR BETTER THAN ANY OTHER \$100,000 PLUS RETROFIT WE HAVE EVER DRIVEN." Mark Vaughn – Autoweek
